Los Angeles, CA 90071

# NO on RC

**Measure RC makes no distinction between local mom and pop housing providers in Burbank and big, out-of-town corporate landlords.**

**That means Burbank retirees, condo owners and others who rent out a few units will be subject to the same massive new bureaucracy as multi-billion dollar corporations.**

**Costly, time-consuming process to evict dangerous tenants.**

**Governed by an autonomous new rent commission that can bring lawsuits and tell locals how much they can charge for rent.**
